Since C&C 4, I've really given up on a C&C themed FPS so now ill settle for ANY game with:

- 1)2 totally different sides
- 2)an AOW mode (destroy each other base for points with infantry/vehicles)

It doesn't even need to have a story line that makes sense...If a game with those 2 simple requirements was ever released, I'd buy 3 copies of it immediately.
