Ya, got the PF. I assumed the AI loves massing Hydras and other AA...they're no problem for your Banshees? I didn't use them against Zerg, yet.

I didn't know you could call down mules everywhere either...always assumed you had to assign it to a mineral stack (they can't attack btw ;P)

How do you replay the alternate missions in the archive? I'm making a DVD image atm, so I can't try it out myself.
