Fucking wiggers... I have not read the thread to see how good it actually is, but it is still about 9/11 and doesn't need you 2 trolls in it being disrespectful.

I am by no means patriotic, but trolling in relation to this topic is just distasteful on the lowest of levels.

Show some fucking respect you worthless pieces of shit.

What if you had lost someone that day... too bad the planes and buildings weren't only filled with idiots like you 2.
