Jerad Gray wrote on Wed, 13 October 2010 07:36 Reset of RP2 team has quit and moved on to either WoW or minecraft, I am the only one that is left, and everyone knows I will never be done with Renegade. Moreover, I no longer see any reason for TT team to rush out a release any more; I think the players left in the community are probably diehard fans that might not quit until they die, so it is not like we risk losing anything anymore.
