trooprm02 wrote on Mon, 01 November 2010 21:02@Carrier, my post was totally ontopic. I started this thread to see if a decision had been made/someone had been chosen to develop the BHS ladder policy, and now that I realize neither of these have really happened, why it would be a bad idea to have just anyone (especially bad public server players, liquid as only an example) develop it/have any input on it at all.

Heaven forbid that the public have say in how the public ladder works, it's like this isn't a dictatorship or something. At any rate, your posts broke the rules, so cut it out.
