ROFL.. You sure about that?

Looks to me that out of all 12 games you've "last played" here, giz owned you on every game but one.. and that game he had 0's straight across the board, meaning he just joined..

Look at this thread :

<http://renegade.the-pitts.net/index.php?s=67fe023b03adca87cf326039eab6f544&act=ST&f=2&t=3991&hl=icesword7&st=150>

Icesword7 would be taken more seriously if he was a trash-talker with skill. But he is not. He is not. He is a trash-talker without skill, and we ignore those kinds of people.
