I probably can consider myself an overall good player that knows how to play in and out, but a hell of a sniper to be honest.

I consider sniping all of the time to be OK if that's the player's strongest suit, because I'm not stupid enough to say that sniping isn't beneficial to the team. I'm a half-decent sniper, but I usually just go to the main field and deal what damage I can.

On a slightly unrelated note, I didn't even notice you owned Atomix
