The reason why you haven't said any of these things I have said you did is because you've been very careful how you've worded it. You've implied everything I have said.

You think you're the best at everything and everyone else's opinion either doesn't count or is invalid.

I dont see how or where I have been uncivil to you? I haven't flamed you with the exception of calling you a prick because of your attitude, which in my defense is my opinion that I am entitled to right? Dont agree to it? I don't care.

You know exactly what you're doing with the things you say, you know how to press peoples buttons to get a reaction out of them. Some people choose to ignore however I don't think its fair that you can talk down to people because you think you're right. If you're right about something then that is fine but there is no need to be a sore winner.

I never once said killing buildings wasn't worthwhile.. Did I imply that? If so, that wasn't my intention. All I said was for the best part of the game you was whoring on the strip. I never said you didnt do anything else. Now who is saying things that I never said?

I dont see any credit for covering your ass with my orca, what you expect?

You bitched about 0x90 being trusted and I agreed with you however I said if he was to be trusted he could benefit the team whereas anyone could do you 'job' and comment on gameplay balance.

As I said in that topic I wasn't out to take sides or to flame you I just thought it was unfair you was being a dick towards EWD so I thought i'd step in and give my two pennies, which you didnt listen to and I gave up trying to explain it to you. So I believe someone else carried it on.

At the end of the day Spoon, if you spoke to people without whats the word.. Snobbiness? Attitude? Im not exactly sure on the word, people wouldnt have half the problem with you. As I said to you in PM I don't have a problem with you its just your attitude, its generally the attitude I saw while browsing .cc before. You best player, you're this, you're that, noone else mattered.

I see myself again sitting here trying to explain to you something that you're;

A) Never going to accept.

B) Don't care to listen to.

Aslong as you're Mr. Right nothing else matters?
