there's the hitman syndrome, you can't be a good loser. you can't just acknowledge someone's better than you, you've got to be sarcastic and you've got to make excuses. it's obvious you have a really tough time facing up to not being the best.

half of the stuff you're feebly trying to parody, i didn't even say in the first place. i'll say to you what i said to cavemen... don't try to be clever, you aren't equipped for it.

since the why-doesn't-spoony-get-forcergd-and-banned question is the only one you went anywhere near, might it not have something to do with the fact that i have a very long track record of honesty and fairplay, whereas you have a long track record of breaking whatever rules you think you can get away with, and are one of the most pathologically compulsive liars this game has ever seen?
