Hitman wrote on Mon, 06 December 2010 09:16u were better than me at the time i actually posted that, after that i think not, but sure enough u can think other wise all u want... i think you're a bit confused. right now i'm not going out of my way to say i was always better in clanwars than you. it's what you said, and you very recently - after getting really angry at what's been said in this thread - changed your mind and decided that you were always better in clanwars than me.

clear-cut case of anger completely clouding judgement. it wasn't thinking about any, like, games that make you completely say the opposite of what you'd always said in the past... it was anger.

Quote:the only reason im even around anymore is because i have always liked the competition and when i see such claim that i think are outrageous i will reply to them multiple times yet nothing i've said has actually been wrong, has it? you've tried debunking various bits of it, as has simpee, yet you haven't actually demonstrated that any particular thing i've said is not so. you've tried pretending i said things i didn't say and shown that they aren't so, but the fact you feel you need to do that makes me think i'm really on to something.

Quote:but u wont see me reply to much else other than this topic because this is the only thing i care enough about to post, i just think every single of your statements in this topic has been false other than a few which weren't even involved in what this topic is about...

think that too, they've survived your and simpee's attempts to debunk them, whereas both of your assertions haven't survived a similar collision.

Quote:all im saying is: your the only person in renegade that thinks your actually that impressive in any reneway possible

if someone had said that a couple of weeks ago, before you read this thread and completely freaked out at it, you'd have laughed at them... and you know it.
