yeah. i forget who started off sniping for us, but you killed 2 or 3 havocs. didn't seem to be working out for us, so i got a sak with my light, then gave the light and went on the wall, killed you.

later i took the sak onto the mesa while one of my teammates moved in with a sbh nuke, i told him to nuke halfway up the ref ramp cos hotwires can't hide from snipers on the mesa, so he nukes at the bottom of the ramp and one of GDI covers it with an APC
