The GDI Islands Base built in CSSource by dudley

Anyone wanna come play around on the map a bit later today at 8PM Dutch Time (2PM NY Time)?

Dudley is working on more maps like this which will feature CnC specific scenery They will all be added to the server as soon as they are in beta or final stage

The server ip:

109.230.216.206:27100

The event has been scheduled on our MPG group on Steam where you can check your timezone:
