Is this some sort of joke?

You have posted this in the wrong section and in a topic which was about... well you should have created a topic here: http://www.renegadeforums.com/index.php?t=thread&frm_id=7&rid=24615

What message did you get and when? Can you post a screenshot? (by pressing "prt sc" on your keyboard when you get the message saying your banned)

Where you banned from a server or can't you see the game server list?
