Yeah, I believe you there. It mostly isn't the people that were hurting you and causing you to rebel by being pushy(although they may have), it is more of the idea of religion that has also taken hold of these people's minds. This idea keeps your mind captive and fearful. That's one reason that causes many people to follow religions even after they have doubts.

I'm kind of unsure about how this awful idea developed, and I wonder if some day we will move past it.
