It's funny, I was thinking about you the other day and wondered where you might have ended up. What's up man? Us beta testers are a dying breed.

I never really left I still keep an eye on things from the shadows popping in every now an again, although work limits the time I have to play and ususally no one else is on when I can play.

You should add me on Facebook, Falcon. <http://www.facebook.com/jholmes4>

Would love to keep in touch outside of the game/forums.

Goz: Go outside. There are more important things in life than post counts.
