thanks all, seems even the seller isn't sure of what it is lol; she got back:

Quote:Hi this is just an item my ex is letting me get rid of so I'm not at all sure what it is. It was released to software stores selling th estarcraft game back in th e90's i think. Big brainy type thing but don't play the game an dhaven't a clue as to its name.

wondered how many folks are bidding on it thinking it is a StarCraft Zerg creature Maybe its from another game.
