Here is a list of things that (as of right now) can't be run alongside scripts 4.0:

Rend3d9 (old tool to enable D3D9 for renegade)

Renegade Resurrection

BIATCH (the relevant bits of BIATCH have been ported to 4.0)

Renguard (with the new anti-cheat stuff in 4.0, its no longer required)

Old server side mods (SSAOW, SSCTF, SSAPB)

SSGM/SSAOW plugins that are not written specifically for 4.0
