(SSnipe) -BLU3Y3Z- wrote on Thu, 24 March 2011 22:23Ya you can get some bright 5mW ones off ebay, but please message me and tell me where you got it, since anything above 5mW is illegal in the USA  
They aren't illegal in the USA, they are illegal to be sent through customs.

Owning one isn't a problem but sending one through customs is. There is a high probability that US customs will confiscate any laser over 5mW.

Don't ask me how I ended up with mine. I don't know and I don't care. I got it and that's all that matters.
