A lot of the requested RR features are client-side visual or audio changes I've noticed. I personally don't think it should be TT's responsibility to implement such things unless it serves a clear benefit. Their mandate is to primarily fix bugs, not customize things you can do yourself.

NACHO-ARG wrote on Sat, 26 March 2011 00:48enjoy ren a lot in the mike server kamuix lite the old good times ha.
Thanks for the kind words
