That's really shocking to me. He was very strongly anti-cheating... well any sensible person would be, but I thought he particularly disliked cheaters.

I wonder what made him do it in the end. Maybe just boredom and not caring anymore?

Personally, I doubt he was always using cheats. He was a very good shot, but he did literally nothing but snipe people in tunnels... he had lots of practice. Also, I'm sure The Pits ran RenGuard and he still played the same? I'm not sure he would have been able to bypass it at the time? I tend to believe he was a genuinely good player, who for some reason, turned to cheating. It's a shame.
