Are you a moron, that topic is just a 35 page piece of shit. Who the hell wants to play as a gnome? all you n00bs of course that get a kick out of blowing yourself up with your c4.

It was the funniest post in the forum!! the constant battle between general havoc (i think) and brutus (the holiest of forum thread makers) to keep the thread alive (which it had no trouble doing)

FYI- Blazer said he was working on it (the whole forum that is)
