If I had a AK-47 of my own, I wouldn't care if it couldnt accuratly fire 5 feet in front of me, I'm getting a scope for the thing. Cause I have or want a scope for every thing I own Be it paintball gun, super soaker, anything that you aim and pull a trigger needs a scope.

AK-47's can fire quite accuratly.

That's why I said I wouldn't care if it couldnt fire 5 feet. If it fired 500 meters I'd put a scope on it, if the bullet dropped out of the barrel onto the ground in front of me I'd put a scope on it.
