I have never cared for that being that people are calling an icon now days... but after seeing her latest trash on vevo a few seconds ago, if I ever hear anyone say they like that shit I will instantly lose any and all respect for them.

Seriously enough is enough. Yea, it can be "cool" to be different and dumb sometimes... but that shit is just completely utterly obnoxious. Anyone that thinks she has style is blind, and needs to have laser eye surgery or just go jump off a bridge.

Anyone that thinks she sounds great is deaf, and needs a new battery in their hearing aid or should go jump off a bridge. She sounds like an annoying alarm tone at best if you don't pay attention to the words.

I'd post the link, but I'd rather do you all a favor.

I wonder if this really counts as spam? Oh well...
