I did heard something about this anti cheat program will detect w3d file.....I got a mod for pistol and normal machine gun also uses w3d file....do I have to take it out when the br v1.3 comes out??

me also a member from hazteam(and one of the three leaders)....I do have a list of our hack-ban list(thx to br.net).....not sure if htdana already share that list with your guys....but if you (server owner) want it I can give it to ya'll....e-mail me for the list
