Caveman wrote on Fri, 22 July 2011 00:12Tbh English should be the only language spoken, all other languages are just confusing and often make no sense.

I speak a few languages and while, yes, English is my native language its the language I only use as it just makes sense. Whenever i speak/type german/french/*welsh*(dont get me started with that shit) it sounds stupid and misleading.

Correction, you're just a STUPID GINGER.
