Spoony wrote on Tue, 16 August 2011 20:19 You didn't answer the question. Isn't it a fair question to ask why the guy who "does PR for TT" has a track record of flat-out lying to the renegade community about why the patch delays are happening just to amuse 0x90? Is this a good situation to be in, should we leave it as it is, or rather should someone say "what the fuck, EWD? Maybe don't lie to the renegade community like that, and maybe don't publicly attack your TT colleagues by means of a lie just to put a smile on 0x90's face... and while we're on the subject, what the hell were you thinking when you said you respected 0x90 more than spoony because 0x90's cheats killed the clan ladder spoony was running?"

are these not worthwhile questions?

Fun-fact: I still have no clue what he's talking about...

Spoony, I have no idea if my reactions cause a smile to 0x90's face, but I'm sure yours sure do.
