I'm quite friendly and nice when others are. I'm not someone who's going to sit there and try to be nice to someone who's being a dick to me though. You've only ever seen me as a troll, liquid, because that's what i do at Jelly. I'm only a troll there because 90% of other people do the same thing anyway, so there's not much point in being serious or kind all the time.
