Visual Studio Extension Installer

This extension is not installable on any currently installed products.

OK

I'm using VS 2010 SP1.

Are you using the express edition?

```
<SupportedProducts>  
  <VisualStudio Version="10.0">  
    <Edition>Ultimate</Edition>  
    <Edition>Premium</Edition>  
    <Edition>Pro</Edition>  
    <Edition>IntegratedShell</Edition>  
  </VisualStudio>  
</SupportedProducts>
```

You could try adding the express edition to extension.vsixmanifest and see what happens but idk if it would work. open the visx file with winrar or another program like it.
