---

I've trouble with VS 2010 while compiling, it always has trouble with writing the .map files.

[http://msdn.microsoft.com/en-us/library/ts7eyw4s\(v=VS.71\).aspx](http://msdn.microsoft.com/en-us/library/ts7eyw4s(v=VS.71).aspx)

Any idea how to fix this problem?
