It's all preference. However if you like paying \$60 for a rehased/reskinned/beat-to-death game, go for COD. I'm not saying the game is bad or anything, but it's not bringing anything new to the table.

I've always been a huge BF fan and am looking forward to this, BC2 was lacking as far as Battlefield game goes. Hopefully BF3 has the same feel as BF2 and 1942 did.

I would expect that most renegade players, if they were to choose one of the two would go for BF3. It's got 64 players, full tank, air and ground battles with lots of teamwork.
