Xryan, please learn to Renegade forums.

We (or about 80-90% of us) here at Ren forums don't even play Renegade anymore. You're insults and complaints are falling on deaf ears. The reason why everyone here is calling you a fool is because you're causing such a fuss over something that we have absolutely no care or control over.

It's like ranting to your English teacher about wanting to retake a Math test... it's just stupid.

Really you all should just stop talking. I'm just sitting here laughing at everyone's replies. I'm not making a fuss over anything. For the 3rd time, my original post is simply a statement about how things are on Renegade these days, period.

I was not speaking at all about anything that had happened, or any particular incident... therefore, nothing to make a fuss about. Just a statement, not a fuss, not a threat, or anything else any of you might like it to be.

The only reason I am still replying is because for some reason, every body thought it would be a good idea to get on here and post a bunch of bullshit, as if they had any idea what they were talking about, as if I had insulted any one of you, or said anything that had anything to do with any of you... I'm simply replying to comments.

Doesn't seem to matter how much I try to make that simple point, you people just don't seem to get it.
