"From what you hear"

Therefore, you haven't had a first hand experiance with him, thus you can't make an accurate judgement.

He wouldn't want to moderate/admin anywhere else for one reason alone, loyalty.

He certainly knows how to do his job properly and he'd be a great asset to any community.

I'm certainly not arsekissing, because that's something I wont do. I'm simply speaking my mind, everyone's allowed to have their own opinion after all.

Mudkips: Maybe if you didn't act like a troll so much, he wouldn't have been so hostile towards you? (If he was, anyways).

For players/users that haven't actually had a problem with Jarhead here's my advice to you: Don't believe everything you read about him, because most of it probably isn't even true. So unless you have actually had a "first hand experiance" with him, then it's pointless in saying "I've heard this" and "People have said that". Go experiance what he's really like for yourselves and I bet you'll be suprised.
