Subject: Patch Installation changed Ren's Language

Hi,
After I had installed the TT-Patch, the language was changed from German to English. It is not necessarily a bad thing, since I like the English Voices more. But there are certainly many people who wish to keep their Ren's language.

Btw this gives me an idea: How about adding an option in the TT-Patch Installer to change your Renegade-Install to any language (English, German, French, etc)?
