NACHO-ARG wrote on Sun, 02 October 2011 17:09 all your maps i have seen so far looks very nice, but they seams meant to be for renegade or APB, you should try whit wasteland textures, dead trees instead of palms, and a difent light setings to make them feel more like cnc3, just an opinion man.

He has a point there, although I really hated the spin on the environment that C&C3 took, I really liked where firestorm was going with things.
