I find it ironic how I find myself defending my integrity against 3 trolls.

The first has managed to accumulate more than 1000 posts over the summer, most of them useless one liners (nice vid, seen it before though).

The 2nd, (the accuser) has the word "hax" in his name!

@Silver, I didn't directly say you cheated.

You didn't directly accuse me, you encouraged the spreading of rumours by using subtle but vicious attacks like this.

And you usually cry in public chat when in game and use these same attacks.

Also I was never forced to use 3.4.4, I chose to use it, mainly to get round the Jelly marathon Veichle limit . I was running 3.4.4 the day you banned me. I lol'd when I saw you have a @ on some of the IRC servers.

The 3rd guy who the accuser refers to:

You can ask Azazel .

Though I don't directly know you, I know of you and what people say of you and frankly you have a bad reputation!

Never argue with a Troll, they will bring you down to their level and beat you with experience!

I will stand down now.
