Cpax quit years ago. Can't say i've seen DE7 in years unfortunately... Pete North quit for Football manager instead.

OntheWall was from Fly as i remember. Haven't seen any of them except for Stadlianen(sp?)

The RT-E guys are just disappeared not long after Enemy did. Didn't really pay attention to BiO. Spaz disappeared after cw.cc died the first time..

As for my GW mates, Dan played the other week and all the rest play BF3..
