Halo38

salutes a fine dedicated mapper (& blows a kiss while no one is looking) for stopping a potential major spam-a-thon thread

So whats your map like?

....Doesn't explain your WOL name though..... (hmm someone like DW but female :inlove:)

<00 > < 00> <00 > < 00> *looks around* dont tell no one but i make maps at night with just a blanket for warmth *makes for the nearest exit leaving a rose for you as he goes*

How does my name relate to DW? lol, but my map is actually for the paintball mod. Though I was planning on making my own DM match. Just need a plan. I want it to be just like beach but better. Beach is a very fun map but could be better. I'm not saying I'm going to steal his map but I'm going to have my own modeled map. The funnest thing about beach is sniping, my map is going to be targeted towards sniping but also have regular weapons too. The best thing is that it's going to have more sniper rifle pick ups so you wont get pissed off when your team has taken the one only rifle.
