the main problem with this is that it shows that the entertainment industry still hasn't understood pirating and will try all kinds of inane shit to fight it

They have stupid and outdated business models. They're idiots.

There charging \$50 for a bluray, \$25-30 for a dvd, \$100-150 for a dvd box set, \$300 for a bluray box set and \$13 for a ticket.

Yes, i think people will continue to pirate. EXPECIALLY WHEN I CAN WATCH SHIT FOR BASICALLY NOTHING ON CABLE AND NETFLIX.

It is anyone's right to charge whatever they feel, \$0 for water at cedar point /six flags and \$20 for a beer in NY...BUT its my right not to give into those bastards... and when we try to get around the price... we are forced to pay somehow.
