stank with a hetzer and T-34-85 russian medium tank

stank would obviously win

Not even a challenge, Those tanks didn't have a turret, so all the stank would have to do is drive around them and attack them from the rear. Bye big-fat-tank-without-turret

T-34-85 has a turret. And role wise Tank Destroyers were support tanks for infantry and other tanks. Besides that, a hetzer is pretty small
