If nobody has done it, tomorrow I'll upload a video of me doing it, as well as someone else doing it (holding down the spacebar to see if it does it).

I have witnessed this before, but as for how to do it, I'm not sure. I snipe with a friend, Xpert, and he does it quite a lot. He says he doesn't know how, but he does have quite a shitty connection... could be lag, as not everyone does it all the time.
