It's very simple. Wilost0rm was flooding Jelly and other servers to get more players onto his server. Now that he has a dead server or no server at all, then he has less/no incentive to attack other servers except his own petty stupidity and desire for e-revenge.

And if he does, in fact, make good on his threats to do harm to the community, or me, then he is proving that he is NOT sorry for what he did and he's been a lying little punk this whole time.

Personally, I'm betting on him being a liar with NO remorse.
