your actions affect more than just wilo here as his actions did.
and if storm was to vanish throu these actions I can see there would be a lot of very angry keyboard warriors out there looking to destroy other servers and sites maybe even kill xwis ?

and if in some way you manage to get rid of wilo do you not think he will seek out to destroy you guys as I know I would and not only with in renegade ?

the out come of all actions will have long lasting effects for all owners of sites -forums-servers ect
