No, that's not my main goal. My main goal was the address the issues with the players having to suffer for Wilo's lawbreaking activities. I don't care who takes it over, he just needs to step down if the server is to be unbanned. I just offered to do it as a suggestion. I barely have enough time for my own servers (luckily I have some awesome admins to take care of the day-to-day), there's NO WAY I have time to screw around with the way st0rm's servers would be run. I just happen to have the extra income to fill in any gaps that donations don't cover.
