shaitan wrote on Tue, 06 March 2012 18:38 Since you posted IP's and Gozy didn't edit them, does this mean I can post them as well? It's why I haven't bothered when he'd demand "proof". That 109.15 range was what he was using (a few times) prior to his and Wilo's issue. It's the one he was mainly cheating on.

ok lets clear this up my ip range is 192.168.1. north yorkshire

the ip range posted by iran is 109 and according to my search relates to bournemouth area uk . only one player I know of in that area is rebdog

ps shaitan you full of bs at the time of me and wilo argue you and him was buddies and faked the whole cheating scam he and others have pritty much admitted this..so you fail

not sure if it matters but I have a dynamic ip and it changes daily or at the click of a reset button .
