Believe what you want - i'm not trolling. You can say I jumped on the bandwagon and decided to shit on Fjords without even playing it. Sounds juvenile, even to me. But - from what I keep hearing it doesn't sound good, lol. I just know from a competitive standpoint: too much of anything can't be good. But i'll load it up, and i'd love to work with you in the future..

Well, this turned out weirdly >.>
