nuker7738 wrote on Thu, 08 March 2012 15:07we can't know if it's an error on your part if you don't post your script code >_>

if it is in my code im trying to fix it already, i just wonder if it is a bug.
I saw they made a new textmessageenum special for the tmsg maybe the hook doesnt respondon it.but what do i know

StealthEye wrote on Thu, 08 March 2012 15:15It triggers the hook that can be used by calling AddHostHook. It indeed seems to make more sense to call the chat hook instead.

i dont really understand what youre saying here :s
