Before or after he was using DH?

You mean that 1 DH biatch occurance over 6 years of playing on a heavily moded server that contained obelisk guns, agt guns etc that kill vehicles in one hit.

Yes a player that had mod'd for years, having a massive knowledge of the game and cheats (mainly due to mod'in) used damage hack on a public server.

Obelisk gun + lag = possibly a false positive? Pistol was probably selected at the time as I had just spawned and was loading it, hence the lack of weapons on a sever with weapon drops everywhere.

There was only one occurance of the line and the admin was just looking for an excuse to ban someone who got a better KD than him. An immature kid.

Not that it matters just never really thought about it seriously until now.

I still play now TT is out and I still accomplish amazing feats.
Played Simpee in some 1v1's in December and won 5-3.

and I am one of the best shaitan, live with it...

yea I did that when I was like 16, still find it funny banter,

as captain hindsight would say 'maybe that wasn't the best idea I would ever have'...
But hey you guys banned me for a pink med tank skin a few months later, those pesky med tanks are so hard to see must use an advantage skin
