edit: tildeth was shit with vehicles lol, he didn't notice that atomix had reduced arty splash even though he at that point had being playing for quite a while at that server and he was terrible with meds

Get ur Brain together u Noob.

1. U forced me to use 4.0 cuz u \*think\* i cheat. Pretty decent move for a Moderator.
2. I joined IRC to know what the fuck is wrong with ur Brain,u banned me without even answering my PM.
3. I rejoined IRC cuz i was asked to have a talk with 1 of ur Admins due to the shit u caused,so nice lie there.
4. Doesnt matters anyways,cuz ur Server Owner and Boss unbanned me,prolly due to the fact he already took the time to correct the shit u are doing.

So my advice for u in Future, take a look into other Servers Moderator advice before u try to act like a pro and make urself look like a Fool.

Have a nice Day, Punk.

He only unbanned you because he thought you were so pathetic and felt pity for, he's lucking forward to see you play while running 4.0.

You evaded my forceTT and then evaded the IRC ban I placed on you, when I presented the evidence not a single person disagreed (most thought it was hilarious), I even asked mods at other communities.
