Go fuck yourself.

It's not XWIS's fault your shitty mod is dead. (Not that it's ever been active anyways...)

His mod is "dead" these days just like the rest.

Get off of his ass cheater boy. He might have a legit reason for being mad. It is a highly odd comment coming from him, he puts more time into renegade(and related games) than any cocksucker on here(just to see them burn).
