Not sure about this:

\_CHANGECHARACTER ??

\_C4 and \_BEACON doesn't exist because the ssgm log for it isn't coded in. Only raw gamelog.  
That's not hard to make. Just need to inform JonWil.

Oh and BIATCH logs don't relay because the format for it was changed. I remember them saying they will revert to the old way, that way all bots will just read BIATCH messages like normal before the change.
